

Introduction to Sensors Kit

This is a sensor kit that was put together with 4 of the most popular sensors that Parallax makes; including the PING))), PIR, multi-axis sensor and ColorPAL; which can be used together or independently to create an elaborate project.

Features:

- § Distance Detection
- § Multi-axis detection
- § Color Measurement
- § Proximity Sensor

Kit Contents:

- § PING))) Ultrasonic Sensor
- § Memsic 2125 Dual-axis Accelerometer
- § ColorPAL
- § PIR Sensor
